My friends are so mad that they do not know how I have all the high quality ebook which they do not!

#Diego Butler

so many fake sites. this is the first one which worked! Many thanks

3. You are on vacation and see an organism that you do not recognize. Discuss what possible steps you can take to classify it.

There are various steps which can be followed when identifying organisms. The steps include the following:  
Identifying the sex of the organism, whether male or female.  
The color of the organism and its general appearance.

Exercise 1: Dichotomous Key Practice
